Project Design Phase
Problem – Solution Fit Template

Date	26 February 2026
Team ID	699d5fc83074df695bbbb0c1
Project Name	AI Financial Advisor
Maximum Marks	2 Marks

Problem – Solution Fit Template:

Top Row — Define CS, fit into CC (Red zone)

Block	Content
1. Customer Segments (CS)	Working professionals 22–40, students, freelancers, first-time investors, debt-burdened individuals
6. Customer Constraints	Can't afford advisor, no financial literacy, fear of wrong decisions, complex existing

(CC)	apps
5. Available Solutions (AS)	Excel sheets, Walnut, Groww, YouTube channels, ChatGPT — all missing personalised holistic planning

Middle Row — Focus on J&P, understand RC (Orange zone)

Block	Content
2. Jobs-to-be-Done (J&P)	Know savings targets, understand DTI, get investment plans, reduce financial anxiety
9. Problem Root Cause (RC)	Financial literacy gap, advice gated behind fees, generic apps, information overload
7. Behaviour (BE)	Googles finance tips, downloads apps then deletes, asks friends, reads Reddit

Bottom Row — Triggers, Emotions & Solution (Blue zone)

Block	Content
3. Triggers (TR)	Salary credit, peer FOMO, credit card shock, tax season, job switch
4. Emotions Before/After (EM)	Before: Anxious, Lost, Fearful → After: Relieved, Confident, Empowered, Hopeful
10. Your Solution (SL)	Full AI Financial Advisor feature mapping to each constraint and problem
8. Channels (CH)	Online: Google, GitHub, LinkedIn, Reddit · Offline: College demos, corporate workshops
